

Rahm Emanuel and the Rise of Chicago '99

A Tale of Power, Politics, and the Making of a City

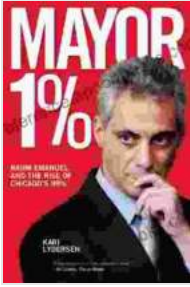

Rahm Emanuel is one of the most influential politicians of our time. From his early days as a community organizer to his rise to power as mayor of Chicago, Emanuel has been a driving force behind the city's transformation. This book provides a fascinating glimpse into the inner workings of Chicago politics and the role that Emanuel played in shaping its destiny.

The Early Years

Rahm Emanuel was born in Chicago in 1959. His parents were Jewish immigrants who had fled Nazi Germany. Emanuel grew up in a working-class neighborhood and attended public schools. He was a bright and ambitious student, and he went on to earn a degree in political science from Sarah Lawrence College. After college, Emanuel worked as a community organizer in Chicago. He helped to found the Midwest Voter Registration Project, which registered thousands of new voters in low-income and minority communities. Emanuel's work as a community organizer caught the attention of Richard M. Daley, the mayor of Chicago. Daley appointed Emanuel to the Chicago City Council in 1989. Emanuel quickly rose through the ranks of the City Council, and he was elected chairman of the Finance Committee in 1993. As chairman of the Finance Committee, Emanuel played a key role in balancing the city's budget and improving its financial stability.
